Geographic Sales Analysis

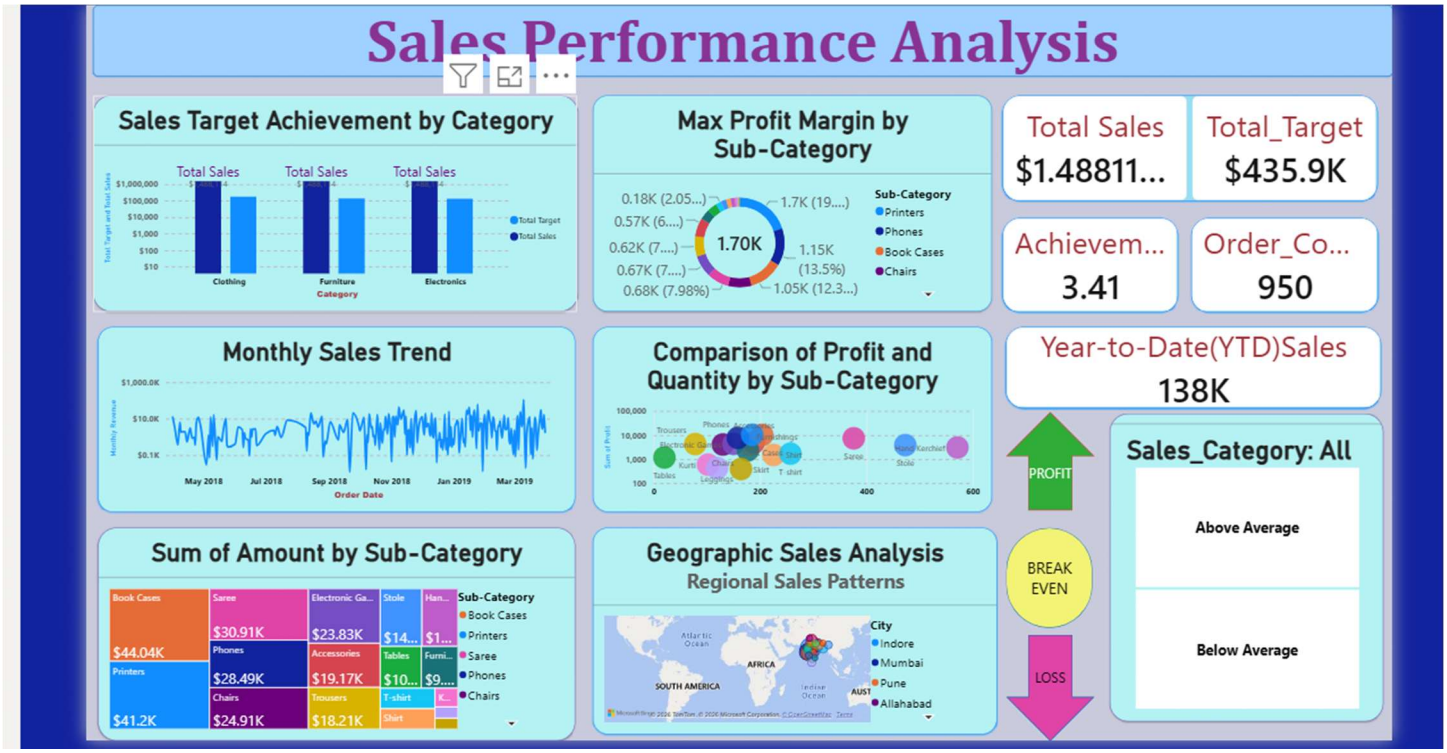

Sales Distribution by Sub-Category Using Treemap

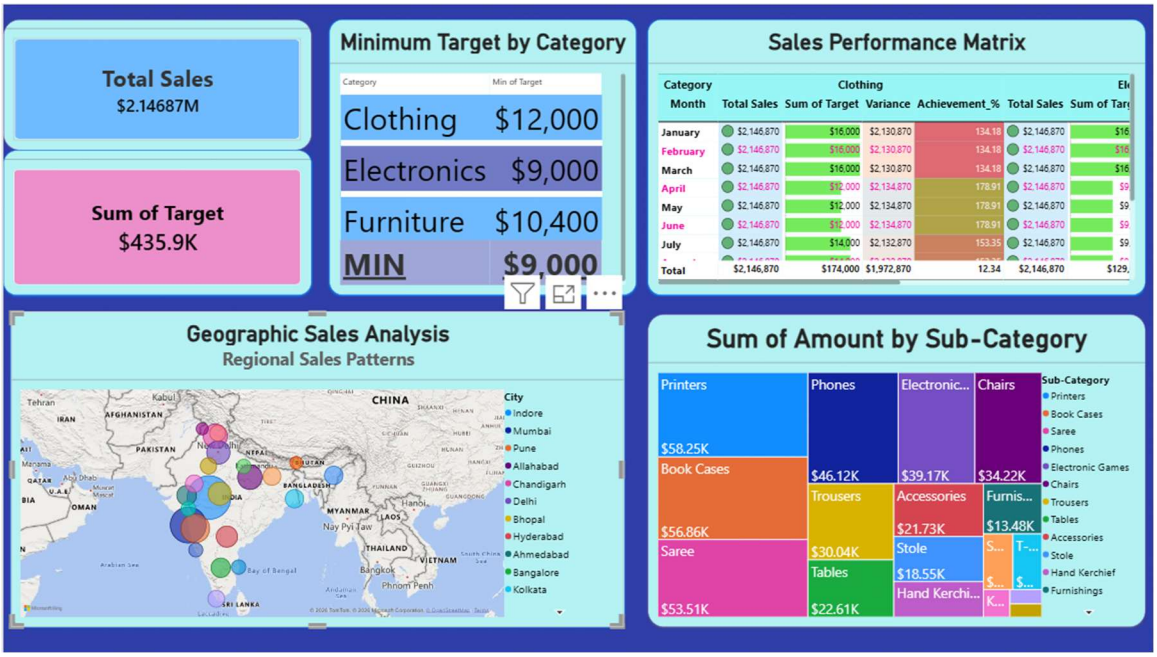

Create a funnel chart to visualize the distribution of order counts across different states

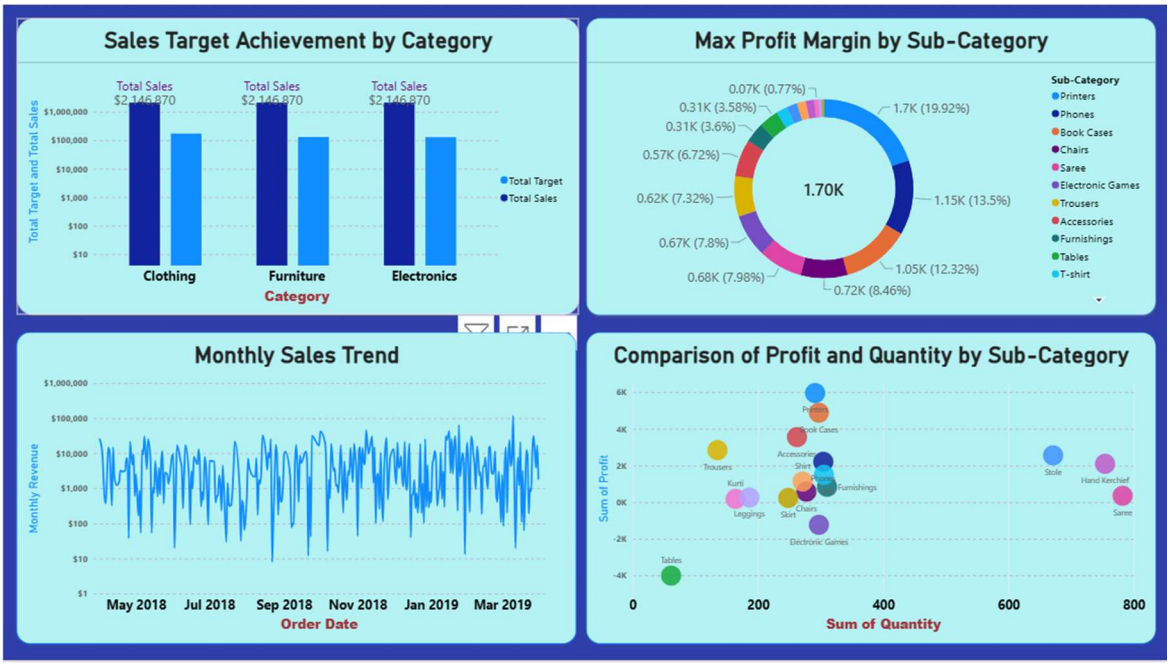

DASH BOARD LAYOUT

OVER ALL VISUALIZATION

Brief explanation for each visual

1. Sales Performance

The Company achieved total sales of approximately **$2.15M**, which is significantly higher than the overall target of **$435.9K**. This indicates strong business performance and successful sales execution across categories.

2. Product Profitability

Sub-categories such as **Printers, Phones, and Book Cases** generate the highest profit margins. These products contribute significantly to profitability and should be prioritized in marketing and inventory planning.

3. Regional Performance

Cities like **Indore**, **Delhi, Mumbai, Pune, and Allahabad** show strong sales contributions, while states such as **Madhya Pradesh** record the highest order count. This highlights key markets that drive business growth.

4. Sales Trend

Monthly sales fluctuate throughout the year, indicating seasonal variations in customer demand. Monitoring these trends can help improve forecasting, target setting, and resource allocation.

Overall Business

The dashboard reveals strong target achievement, profitable product segments, high-performing geographic regions, and clear sales trends, enabling management to make data-driven decisions for future growth and profitability.
